1. This action is in response to the Application No. 09/991,168 filed on November 14, 2001 in which claims 1-23 are pending. It is a continuation in part of Application No. 09/223,902 filed on December 31, 1998, now US Patent No. 6,319,122.

***Claim Rejections - 35 USC § 112***

2. a. The following is a quotation of the first paragraph of 35 U.S.C. 112:

The specification shall contain a written description of the invention, and of the manner and process of making and using it, in such full, clear, concise, and exact terms as to enable any person skilled in the art to which it pertains, or with which it is most nearly connected, to make and use the same and shall set forth the best mode contemplated by the inventor of carrying out his invention.

Claims 1-23 are rejected under 35 U.S.C. 112, first paragraph, as failing to comply with the written description requirement. The claim(s) contains subject matter which was not described in the specification in such a way as to reasonably convey to one skilled in the relevant art that the inventor(s), at the time the application was filed, had possession of the claimed invention. \*\*\*.

Claims 1, 22-23 recite "....determining a first rank ..... ; ..... the first set having ....." There is not enough support for this limitation in the specification. Due to lack of support, one does not know as to what first set and first rank the Applicant is referring to. The Applicant needs to point out in the specification where one can find support for these limitations. Claim 1 is ambiguous as to what the Applicant is trying to claim. Perhaps essential limitations are missing. Since a first gaming session is determined, one needs to know whether another gaming session is being determined in addition to the first one. Clarification is required. The same comment goes for claims 22 and 23. Claims 2-21 are being rejected as being dependent upon rejected claim 1.

Art Unit: 3713

b. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter, which the applicant regards as his invention.

Claims 1-21 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1 recites the limitation "...the first set..." in line 5. There is insufficient antecedent basis for this limitation in the claim. Appropriate correction is required.

Claims 2-21 are being rejected as being dependent upon rejected claim 1.

### ***Conclusion***
